QUANTITIES PER FLOOR × 8 FLOORS

Code	Device	Per floor	8 floors
TAB	Door tablet	4	32
VOZ	Voice panel with buttons	10	80
TI/TD	Pull-cord (toilet + shower)	17	136
LP	Corridor light (public toilet)	1	8
LC	LCom	5	40
BC	BoxCom	2	16
SW	PoE switch	1	8

NOTES · NOTAS

1. Base: architectural plan L5 (typical floor) – all 8 floors are identical: 4 apartments per floor, 32 in total.
2. Apartments x01 and x02: 1 bedroom, living room with kitchen and 2 bathrooms. Apartments x03 and x04: 2 bedrooms and 2 bathrooms.
3. Tablet at the door of each apartment (iPad / Android) to call and talk to the nurse.
4. Voice panel with buttons (ACE82182451) in the living room and in each bedroom; in bedrooms, with a pear next to the bed.
5. Pull-cords (ACE40320303W) at the toilet and shower of every bathroom, at 1.85 m.
6. One public toilet per floor in the common room: pull-cord + corridor light above the door. With the 2 on GF, 10 public toilets in total.
7. Floor rack next to the lifts with the D-Link DES-1210-28P PoE switch; the 2 BoxComs go on the ceiling next to it.
8. Locations per the client's marks on plan L2 (nt = voice panel, tab = tablet): see sheet 03.
